Re: Amended Every Door Direct Mail - Retail Data Collection Report for FY 2011,
Quarter 3 (Docket No. MT2011 – 3)

In accordance with Commission Order No. 687, issued March 1, 2011 in Docket No. MT2011-3, the Postal Service filed its data collection report for Quarter 3 of FY 2011 on August 9, 2011 for the market test for Every Door Direct Mail - Retail (EDDM-R), and filed an amended report on August 26, 2011.

As noted in its response to question 2 of Chairman's Information Request No. 1, in Docket No. ACR2011, the Postal Service's EDDM-R data collection report volumes do not match the volumes reported in its billing determinants. The data collection reports have omitted EDDM-R volumes entered at non-PostalOne! Locations. The Postal Service is therefore filing an amended EDDM-R Data Collection Report for Quarter 3 that includes the volume from non-PostalOne! locations. The total EDDM-R volume reported in the August 26, 2011 attachment to the cover letter should be changed from 7,122,119 to 7,268,310.

The amended data collection report spreadsheet filed today completely replaces the ones previously filed.

Sincerely,

David H. Rubin
Attorney
